KALAHIKI AT KUKUI'ULA

Poipu, Kauai | 4,490 SQFT  
35,946 SQFT Land | 4BR/4.5BA  
MLS# 708527 | \$9,500,000

Set in the private club community of Kukui'ula on Kauai's southern shore, overlooking the ocean on nearly an acre, this custom-built residence pairs seamless indoor-outdoor living with exceptional build quality and artisan finishes. Kalahiki is not a spec home. It was built with a commitment to quality and comfort of the highest standards. Thoughtfully designed mature landscaping gives way to the entry lanai and beautifully carved, custom-designed mahogany front doors from Albertini. Panoramic ocean views, vaulted beam ceilings, and Douglas Fir built-ins make the great room the heart of the home. Energy efficiency features include a solar system with a Tesla Powerwall, zoned climate control, and thoughtful architecture to enjoy the trade winds.
