This four-bedroom retreat embodies refined tropical living within a lush landscape, where modern architecture is balanced by warm wood tones, rich teak finishes, and natural textures. Expansive volumes, tall ceilings, and exceptional craftsmanship create a residence that feels both elevated and inviting. Floor-to-ceiling glass walls open to sweeping views across the 8th hole, manicured fairways, and an infinity-edge pool stretching toward the Pacific Ocean. The outdoor lana'i extends the living space with a fully

equipped kitchen, multiple entertaining zones, and a swim-in/swim-out sauna, jacuzzi, and fire pit—designed for both relaxation and gathering. More than a spec home, this is a bespoke architectural statement by Architects + Co, with finishes by Kayu and furnishings curated by Bossa. Fully equipped and move-in ready, it is a rare offering crafted for those who recognize uncompromising quality in every detail. Proudly co-listed with DeepBlue HI RB-21697.
