Beachfront living on the sandy end of Halama Street. Offered for the first time, this Smith Builders Maui residence combines timeless design with a coveted oceanfront setting. The home was crafted with enduring materials including Monier tile roof, Hardie siding, and copper gutters, ensuring beauty and durability. Inside, the Craftsman-style interiors are rich with detail—Douglas fir wainscoting, artisan wallpaper, and Rocky Mountain hardware lend warmth and authenticity, while expansive windows frame the ocean just steps away. 3-car garage with an upstairs ohana, ideal for a caretaker or visiting guests. Tucked into one of South Maui's most private and walkable enclaves—yet just moments from conveniences—this estate offers the rare combination of craftsmanship, comfort, and beachfront living.
